Requirements

Your Profile

The successful candidate will have at least 3 years PQE Securitisation, Debt Capital Markets experience in the UK market. Knowledge of macroprudential regulation for financial institutions will be desirable. You will also be familiar with using legal research tools (including online sources such as LexisNexisButterworths, Westlaw, PLC) as well as using Microsoft Word including styles and hyperlinks.

What's in it for you

Making sure our people feel valued is part of our everyday culture, ensuring that they are rewarded is part of our everyday work too. From 25 days holiday per year to private medical insurance, pensions, charity schemes and a whole host of other flexible benefits, you can rest assured that we've got your best interests covered. We'll also make sure that you have time for life outside the office particularly as flexible working is at the heart of our business.

Join BLP, and you'll discover an environment unlike any other law firm with an open door policy that helps to deliver real results. Your career is important to us, as the more our people develop getting closer to their potential, the more successful our firm is. So ensuring that the training we offer is exactly what you need is essential. Lawyers, secretaries and business services experts - everyone here has access to tailored learning to suit their skills and ambitions.

Job responsibilities

An opportunity to provide innovative know-how solutions for our Structured Debt and Capital Markets team. This is a dynamic, market-leading group, with expertise in developing highly innovative structures across the full spectrum of structured finance and derivatives products. We combine the in-depth specialist knowledge of our team with the range of expertise in our firm as a whole to provide commercial, focused solutions, often in situations which are complex and challenging. Knowledge management is a strategic priority for the structured debt and capital markets group so your input will be highly valued. The role will help enhance the client offering of the Structured Debt & Capital Markets team by continuously improving the quality of the technical knowledge and training available to the team and supporting client initiatives.
